

PRODUCT INFORMATION

The CAB60 is a well-constructed, 6 way cabinet, capable of housing a variety of LV electrical equipment. Using our latest designs we have created a truly functional and street tough enclosure. The plastic construction not only delivers a cabinet that is easy to lift and install but it also handles the UV and weather, to provide a long-lasting asset. The long throw lockable latch ensures the door stays closed when it's meant too.

MAXIMUM FUSE CAPACITY

 $4 \times 400A$ 3ph DIN and $2 \times 160A$ 3ph DIN $5 \times 250A$ 3ph DIN and $1 \times 160A$ 3ph DIN $6 \times 160A$ 3ph DIN (Verticals)
