

PRODUCT INFORMATION

The Builders Temporary Power Supply Box enables builders and other tradespeople access to an electricity supply on a worksite where temporary power is required. The plastic construction provides a strong, durable, and weather resistant enclosure to protect the electrical equipment. The bright red colour makes it stand out on the building site.

FEATURES

- Plastic, durable construction
- Bright red for easy recognition on site
- Non-conductive enclosure for greater safety
- Sliding lid prevents potential damage from wind gusts
- Water resistant slider and lip for weather protection
- Comes with back panel to mount electrical equipment

Optional Features

- Other colour options available (Black / Khaki)
- These can be set up for other applications
